

Employee Involvement Builds Commitment and Unlocks our Potential

**Bryan Padula has been a valued member
in the shipping department
since starting just over two years ago.**

**In the last few months,
Bryan has stepped up to fill the role
of the main forklift operator during the day shift,
and has succeeded in all aspects
of this challenging role. This is no easy task
as it is Bryan's responsibility to drop product,
know where all product is located in the racking,
and ensure finished goods are sent out FIFO.**

**Thank you for your dedication, Bryan.
Keep up the great work!**
